

ECB ADVANCED COACH

icoachcricket

Your next step

Players need coaches with expertise, passion and support at every stage of their development. At all levels of the game, coaches can make a difference to a player's experience and help them enhance their performance.

An updated programme and level 3 qualification was launched in Autumn 2020 to help more people continue their development as a coach.

About the programme

A blend of e-learning and face-to-face modules led by ECB Coach Developers will explore the impact you can have as an ECB Advanced Coach, the skills you can help players and teams develop, and how you can learn from your experiences.

The challenge for all coaches is to continue learning, just as players do. Therefore, we have developed a programme that will challenge your current coaching practice and further your knowledge and understanding in a variety of areas.

Outcomes

This programme has been designed to build on your experiences and give you the knowledge, skills and confidence to help players improve their game as well as developing a wide area of expertise when coaching individuals, units and teams.
